Furthermore, as per Section 1-20 Small Purchases provision of the Ordinance, any contract for the purchase of supplies, equipment, maintenance, and services not exceeding \$50,000 may be made by the Chief Procurement Officer in accordance with the small purchase procedures authorized in the Ordinance. For public works projects, the statutory threshold is established by the CA Public Contract Code at \$60,000.

#### **Impact to Cities/County**

Not Applicable.

#### **Fiscal Impact**

Not Applicable.

#### **Background**

The State has been approved as an agent of the U.S. Forest Service for the purpose of administering the Cooperative Forestry Assistance Act of 1978 (Public Law 95-313) Rural Fire Protection Program, hereinafter referred to as CFAA. The control of timber, grass, and wildland fires in and adjacent to suburban areas is essential to an effective forest fire control program. To participate in the program, agencies must actively engage in the prevention and suppression of all fires in and adjacent to suburban areas. The CFAA provides for the FEPP available for use by the Cooperator to carry out this function if additional property is available. CAL FIRE has amended some terms approved in 2015 and requested a new Cooperative Agreement be approved.

The Orange County Fire Authority has gained the benefits and participated in the FEPP since 1994 by acquiring vehicles, small tools, and machinery such as drill presses, work benches, small forklifts, etc. that have been determined to be surplus to the Federal Government.

This agreement is entered into by and between

THE STATE OF CALIFORNIA
DEPARTMENT OF FORESTRY AND FIRE PROTECTION (CAL FIRE)

**AND** 

#### **ORANGE COUNTY FIRE AUTHORITY**

This agreement made and entered into this day of , 20 , by and between the State of California acting by and through the Director of the Department of Forestry and Fire Protection (CAL FIRE), hereinafter referred to as the STATE and the <u>Orange County Fire Authority</u>, hereinafter referred to as the COUNTY, covenants as follows:

#### I. PURPOSE

The STATE has been approved as an agent of the United States Department of Agriculture (USDA) Forest Service for administering Federal Excess Personal Property (FEPP) as part of the Cooperative Fire Protection Program, which allows the COUNTY to take custody and use FEPP property for wildland and rural community fire protection services.

#### II. MUTUAL INTEREST OF PARTIES

Both the STATE and the COUNTY have a mutual interest in the prevention, protection and suppression of all wildland and rural community fires near and adjacent to the property and the people of California.

#### III. AUTHORITIES

The Federal Property and Administrative Services Act of 1949, as amended (40 U.S.C. § 483) and the Cooperative Forestry Assistance Act of 1978 (16 U.S.C. § 2106(c)) authorizes the FEPP Program as an element of the Cooperative Fire Protection Program (16 U.S.C. § 2106(b)). Title 41 Code of Federal Regulations (CFR) Part 102-33 identifies who may acquire aircraft and aircraft parts, and the standards of maintenance and management. Under these authorities, the USDA Forest Service may lend FEPP property needed for wildland and rural community fire protection to the STATE and to local paid or unpaid fire departments for their use.

#### N. RESPONSIBILITIES THE COUNTY AGREES:

- Primary use of FEPP property must be 90 percent for activities directly related to wildland and rural community fire protection; however, situations may occur that make this exclusive use impractical. Non-fire emergency use of FEPP property is authorized and limited to no more than (10) ten percent total usage. Abuse of the (10) ten percent non-fire use standard could result in recall of the property on loan, suspension from the program, or other sanctions.
- 2. FEPP property acquired by the COUNTY is not permitted to be rented, leased, loaned, or traded to another party, no exceptions. FEPP property is not permitted to be transferred or sold without prior approval from the STATE or the USDA Forest Service. FEPP property is for official use only; personal use of FEPP property is prohibited, violates the law, and this Cooperative agreement. Any personal use violations found, subjects the COUNTY to penalties and FEPP property recall as determined by the STATE and the USDA Forest Service.
- 3. To notify the STATE of receipt of FEPP property during the acquisition process.
- 4. To bear the entire cost of transportation, retrofit, modification, maintenance, repairs, and operation of acquired FEPP property while in the COUNTY's possession.
- 5. The COUNTY must paint any FEPP rolling stock acquired directly from the USDA Forest Service that has the distinct Forest Service green color. If the FEPP property is acquired from the Department of Defense (DoD) and has military colors or markings, it must be painted. This is mandatory per the STATE and the USDA Forest Service. The painting of the FEPP vehicle must be accomplished within (1) one calendar year of the acquisition.
- 6. To register all FEPP rolling stock with the California Department of Motor Vehicles (DMV) within 60 days of receipt of property. Lien Holder will remain as the USDA Forest Service. This is mandatory as ownership remains with the USDA Forest Service. Registered Owner will be the COUNTY.
- 7. To obtain prior to operation of any FEPP property the minimum liability insurance in the amount required by State law to cover the operation of FEPP rolling stock. The COUNTY must maintain adequate insurance to cover damages or injuries to cover persons or property relating to the use of the property. Proof of insurance coverage must be provided to the STATE in the form of an insurance policy or a self-insured statement on an official letterhead.
- 8. Drivers of FEPP property must take the necessary equipment training and have a valid California operator license to operate the loaned vehicle(s).
- 9. To make FEPP property operable and ready to be placed into service for wildland and rural community fire protection, including fire suppression and prevention. Operational condition of the property will be achieved within (1) one year to the date of property pick up/receipt.
- 10. FEPP property cannot be modified or cannibalized without prior authorization from the STATE and the USDA Forest Service. The COUNTY shall contact the STATE with a request and justification to modify or cannibalize any FEPP property. The request must be submitted for approval before any modification or cannibalization to FEPP property takes place.
- 11. The COUNTY is responsible for the proper care, maintenance, security, and storage of all acquired FEPP property.

- 12. All FEPP property must be identified as property belonging to the USDA Forest Service and for fire use only. The STATE will provide USDA Forest Service property tags along with a property number assigned to accountable FEPP property.
- 13. To promptly report any FEPP property when it is no longer needed by the COUNTY to the STATE and the USDA Forest Service for disposal authority. The COUNTY is not to release FEPP property to anyone unless the STATE and the USDA Forest Service have provided the proper authorization and documentation needed. The COUNTY is to provide reasonable access to authorized personnel for inspection and removal of FEPP property.
- 14. Ownership of all accessories, tools, light bars, sirens, and equipment which is added to the loaned FEPP property remains with the COUNTY and must be removed prior to the disposal process.
- 15. Accidents involving FEPP property must be reported directly to the STATE within (10) ten days of the situation. This includes accidents that result in death, injury, illness, or property damage (more than \$350). Depending on the type of accident, the STATE will provide direction to the COUNTY on the information required to be submitted to the USDA Forest Service.
- 16. Lost, stolen, damaged or destroyed FEPP property shall be reported to the STATE for proper documentation and handling.
- 17. When FEPP property is lost, damaged, destroyed or stolen, a determination is required whether there was negligence on the part of the COUNTY. The STATE shall make a recommendation to the USDA Forest Service Property Management Officer (PMO) whether there was negligence or gross negligence.
  - a. Negligence: The failure to abide by Federal rules and regulations.
    - i. Repeated instances of negligent damage to FEPP property by staff of the COUNTY may be cause for the STATE to suspend further acquisitions by the COUNTY until the reasons for the negligence are identified and steps taken to prevent further instances.
  - b. Gross negligence: The intentional, willful, or wanton failure to exercise a reasonable degree of care to protect FEPP property in one's custody in reckless disregard of the consequences of the actions
    - If the STATE determines that there is apparent gross negligence on the part of the COUNTY staff, the findings plus all supporting documentation shall be forwarded by the STATE to the USDA Forest Service PMO for a final determination.
    - ii. Should the USDA Forest Service submit the final determination is one of gross negligence and sends the STATE a Bill of Collection for FEPP property under the COUNTY's care, the COUNTY will reimburse the STATE for all the costs listed on the Bill of Collection.
    - iii. The COUNTY shall be suspended from acquiring any additional FEPP property for a set time as determined by the STATE.
    - iv. A second case of gross negligence will cause the COUNTY to lose all privileges of participation in the FEPP program as determined by the STATE.
- 18. To perform/participate in the physical inventory process on FEPP property in the COUNTY's possession every (2) two years.
- 19. The STATE and the USDA Forest Service will periodically conduct joint reviews of the FEPP program to ensure compliance with the USDA Forest Service and other applicable statutes, regulations and policies are being followed. The COUNTY must participate and provide access to all physical FEPP property along with access to all FEPP documentation during the review. The STATE is authorized to perform audits and reviews by STATE personnel, in between joint reviews, to provide the USDA Forest Service information for FEPP program improvements.

- 20. To retain all documentation on all inventoried FEPP property for (6) six years and (3) three months after the year designated for the disposal of the property. The STATE will send all mandatory documentation required for acquisition, management and disposal of FEPP property to the COUNTY as these processes occur.
- 21. The COUNTY must provide access to and the right to examine all records, books, papers or documents relating to the FEPP program to the USDA Forest Service, the USDA Office of the Inspector General (OIG), the Comptroller General of the United States, the STATE and their authorized representatives.
- 22. To comply with Title VI of the Civil Rights Act of 1964 (P. L. 88-352) and in accordance with Title VI of that Act, no person in the United States shall, on the ground of race, color, or natural origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination, under any program or activity for which the applicant receives Federal financial assistance and will immediately take any measures necessary to effectuate this agreement. #### **Summary**

In order for the Board of Directors and Committees to continue meeting via teleconference during the pandemic, AB 361 requires the local legislative bodies to make specified findings at least every thirty (30) days.

#### **Prior Board/Committee Action**

At the October 28, 2021 meeting, the Board of Directors approved the legally required findings and directed staff to schedule concurrent Special Joint Meetings of the Board of Directors, Executive Committee, Budget and Finance Committee, and Human Resources Committee with regular or special meetings of the Board of Directors whenever necessary to address the requirement to make the required findings at least every thirty (30) days, and to minimize the need for separate Board or committee meetings to address this new requirement of the Brown Act.

#### **RECOMMENDED ACTION(S)**

Make the following findings by majority votes of the Board of Directors, Executive Committee, Budget and Finance Committee and Human Resource Committee:

- a. A state of emergency has been proclaimed by California's Governor due to the COVID-19 pandemic and continues in effect; and
- b. The Board of Directors and each Committees has reconsidered the circumstances of the emergency; and
- c. State and local officials continue to recommend measures to promote social distancing to slow the spread of COVID-19.

#### **Impact to Cities/County**

Not Applicable.

#### **Fiscal Impact**

Nominal software licensing costs to continue to use Zoom Webinar to stream meetings in a manner that allows online public comments.

#### **Background**

Assembly Bill 361 was signed into law by the Governor on September 16, 2021. A portion of AB 361 enacted amendments to California Government Code section 54953 regarding teleconference meetings.

Those amendments authorize local agencies like the Fire Authority to continue to conduct meetings by teleconference during a Governor-proclaimed state of emergency<sup>1</sup> provided that certain findings are made by the legislative body, and provided that certain procedural requirements are met regarding public access to the meetings.

A new requirement in AB 361 requires particular findings be made by the Board of Directors and each of the OCFA's legislative bodies and requires that the new findings must be reaffirmed at least every thirty (30) days thereafter in order for the legislative body to continue to use teleconferencing.

#### **The Required Findings**

The teleconference provisions in AB 361 may only be utilized as long as a Governor-proclaimed state of emergency remains active, or while state or local officials have recommended measures to promote social distancing.

When either of those is the case (both are true at this time), then in order to continue to teleconference using the new provisions of AB 361, each legislative body must make the following findings by majority vote at least every 30 days:

- (A) The legislative body has reconsidered the circumstances of the state of emergency; and
- (B) <u>Either</u> of the following circumstances exist:
  - (i) The state of emergency continues to directly impact the ability of the members to meet safely in person; or
  - (ii) State or local officials continue to impose or recommend measures to promote social distancing.<sup>2</sup>

To comply with that requirement, the recommended action would have the Board of Directors and each Committee find each of the following:

- a. A state of emergency has been proclaimed by California's Governor due to the COVID-19 pandemic and continues in effect; and
- b. The Board of Directors and each Committee has reconsidered the circumstances of the emergency; and
- c. State and local officials continue to recommend measures to promote social distancing to slow the spread of COVID-19.

-

<sup>&</sup>lt;sup>1</sup> For purposes of AB 361 "...'state of emergency' means a state of emergency proclaimed pursuant to Section 8625 of the California Emergency Services Act..." Cal. Gov't Code sec. 54953(e)(4). Section 8625 of CESA in turn refers to a state of emergency proclaimed by the Governor.

<sup>&</sup>lt;sup>2</sup> Cal. Gov't Code sec. 54953(e)(3).

#### Potential Consequence of Not Making the Findings Every 30 Days

AB 361 does not expressly state what happens if a legislative body fails to make the required findings "every 30 days." However, it expressly requires the timely reapproval of the findings "in order to continue to teleconference" in the manner that AB 361 authorizes.

As a result, if a legislative body does not adopt the required findings every 30 days, then it could be precluded from continuing to teleconference thereafter, perhaps even if it were later willing to adopt the findings at a later date. For this reason, General Counsel recommends that the Board of Directors and Committees adopt the required findings at this time and at least every 30 days thereafter, unless the Board of Directors and Committees decide as a *permanent* matter that it will no longer permit teleconferencing at all (e.g., regardless of whether the state of emergency worsens).
